PHOTO RELEASE

18 October 2013

OFFICE BAKE-OFF SECURES FUNDS FOR CHARITY

In aid of Breakthrough Breast Cancer and inspired by BBC2's Great British Bake Off, Ashford-based Security, Risk and Intelligence company The Inkerman Group and its subsidiary companies, Burravoe Translation Services and TASK International, all got together to raise over £400 by taking part in the Great Pink Bake Off.

Staff from all three companies donned their aprons to bake a selection of delicious cakes, wore pink to work and held a judged bake-off at their Elwick Road offices, with some of the non-bakers awarding 1st, 2nd and 3rd place based on the appearance and more importantly, taste of the cakes!

The money raised from the Bake Off will go towards the £20 million a year needed to support Breakthrough Breast Cancer's essential research, a charity close to many people's hearts within the company.

The Inkerman Group is a specialist security, business risk, intelligence management and investigation company. It provides a wide range of services and works with clients to counter or mitigate threats to their businesses and organisations.

Based in London, Ashford Kent, and Meerbusch Dusseldorf, Germany, and formed in 1996, The Inkerman Group consists of professional and highly experienced staff with a wide range of skills and expertise from military, government service, police and business backgrounds.

Established in 1965 and part of the Inkerman Group since 2000, Burravoe Translation Services is a global translations & interpreting agency with offices in Kent and London.

TASK International has been operational since 1990 and was acquired by The Inkerman Group in 2007 where it is now a market leader in the field of bespoke personal protection, security services and related medical and security training services. It provides clients with accredited training solutions, support, advice and consultancy services both within UK and Internationally.

Breakthrough Breast Cancer:

Breakthrough Breast Cancer is the UK's leading breast cancer charity dedicated to saving lives through improving early diagnosis, developing new treatments and preventing all types of the disease. Breast cancer is still the most commonly diagnosed cancer in the UK, affecting 50,000 women every year and killing 1,000 every month.

The charity funds 25% of the breast cancer research in the UK, campaigns to ensure survival rates are among the best in the world and educates women to recognise the signs and symptoms of the disease.
