THE INKERMAN GROUP

## THE INKERMAN GROUP APPOINTS BISCOE AS NEW MANAGER IN OPERATIONS

JANUARY 2012, THE INKERMAN GROUP has announced that it has appointed Simon Biscoe as its new Operations and Close Protection Manager. This internal promotion move comes just a year after Biscoe was promoted to Operations Centre Supervisor. His promotion within the Operations Team comes as the company's growth within its Operations, Travel Safety and Security continues to gain momentum and they have successfully acquired new clients

Biscoe's role will be work alongside Michael Allen, Group Operations Director, and will include the management of the Company's operational services such as Travel Safe, Tracking, Specialist Event Security, Close Protection and Specialist Manguarding Services, as well as the Company's 24/7 Operations and Response Centre in Ashford.

Biscoe initially joined The Inkerman Group in 2010 bringing a great deal of operational experience and knowledge to the Group's activities; more recently he has led the Company's deployed close protection and security teams in both Libya and Egypt, which are continuing to operate in the region, as well as specific VIP close protection provision for prominent CEOs of major blue-chip companies. He has, and will continue to deliver all aspects of the Company's operational delivery to clients, throughout the world. This announcement today is a further endorsement of his contribution and expertise in this area.

Commenting on his appointment, Biscoe explains "I am extremely pleased to have been appointed to this new role within the Company – it is both an exciting and challenging opportunity. The Inkerman Group has great potential – it continues to grow and develop its client base and specialist products and services within the security sector. This is a particularly important growth time for the business, as the Company continues to successfully secure new clients."

Gerald Moor, CEO adds "We are very pleased that Simon has accepted this position within the business, and he does so at a critical point in the company's development. He will undoubtedly continue to play a significant part in our operational deployment plans in the future. He brings a great deal of knowledge and experience, particularly in the management of security issues for clients and operational service delivery 'on the ground'. His recent experience of working throughout the Middle-East and North Africa region will stand him in good stead in continuing to support clients at a senior level not only there, but throughout the world."
