THE INKERMAN GROUP

## **THE INKERMAN GROUP INCREASES PRESENCE OF SECURITY TEAMS IN EGYPT**

05 July 2013 The Inkerman Group has announced that it has increased the number of qualified and licensed Close Protection teams now working in and around Cairo, Egypt with its clients.

Companies with business interests in Egypt are facing the challenge of responding to the current situation in-country and many board rooms throughout the world continue to discuss the issue of when it will be appropriate to evacuate personnel and their families.

The Inkerman Group has responded to clients' increased requirements and needs by sending additional active operational teams in-country, supported by its own 24/7/365 Operations Centre in the UK, which is delivering a whole range of risk management and security services including Crisis Management, Executive Close Protection, Emergency Evacuation, Premises and Asset Protection, Travel Safe and Tracking, as well as providing information and intelligence.

The Inkerman Group's corporate intelligence team is creating reports for clients, combining intelligence from our in-country experts, with cutting edge analytical tools to map emerging risks and build a forward-looking picture designed to give clients the actionable intelligence on which to base their business continuity and operational planning.

"Egypt continues to be challenging and a very pressurised environment in-country," as Gerald Moor CEO of The Inkerman Group, explains: "We have been monitoring the situation for our clients for some time and have had our additional security teams on standby. Our clients took the decision yesterday, based on our intelligence and recent activity, to move supplementary teams into Egypt, which are now in-country providing security to company assets and personnel."

To receive real-time security alerts based on our on the ground intelligence and 24/7 monitoring, or for security support in-country, please contact The Inkerman Group +44 (0)1233 646940 [enquiries@inkerman.com](mailto:enquiries@inkerman.com)
